

1 HOUSE BILL NO. 695

2 INTRODUCED BY MCNUTT, GILLAN

3

4 A BILL FOR AN ACT ENTITLED: "AN ACT REQUIRING THAT ECONOMIC CONSUMPTION BE DEDUCTED
5 FROM AN AWARD OF DAMAGES IN A MEDICAL MALPRACTICE ACTION; AND PROVIDING AN
6 APPLICABILITY DATE."

7

8 WHEREAS, the provision of medical services to Montana residents is imperative to their health and
9 happiness; and

10 WHEREAS, it is increasingly difficult for Montana communities to attract and retain qualified medical
11 providers; and

12 WHEREAS, the acquisition of reasonably priced medical malpractice insurance coverage is a factor in
13 attracting medical providers to Montana and in retaining them; and

14 WHEREAS, medical malpractice insurance premium rates are negatively impacted by the lack of a
15 provision requiring deduction of personal consumption expenses from damage awards in survivor actions; and

16 WHEREAS, the Legislature has determined that a shortage of health care providers in the state and an
17 inability to attract health care providers to the state would pose a serious threat to the health, welfare, and safety
18 of Montanans; and

19 WHEREAS, the number of insurance carriers that provide liability insurance for hospitals, physicians, and
20 dentists has declined significantly in the past few years; and

21 WHEREAS, dramatic hikes in the prices paid by hospitals, physicians, and dentists for liability insurance
22 are a major contributor to the escalation in the cost of providing medical treatment; and

23 WHEREAS, increased premiums for liability insurance for health care providers are forcing physicians
24 and other providers in Montana to consider either curtailing certain medical services or, in the alternative,
25 relocating to other states where premiums are stabilized; and

26 WHEREAS, Montana and its residents have a compelling state interest in ensuring that Montana
27 residents receive quality and reasonably priced health care; and

28 WHEREAS, the Legislature declares that it is the policy of the State of Montana to attempt to attract and
29 retain qualified health care providers to care for the residents of Montana and that personal consumption
30 expenses must be deducted from damages relating to survivor actions.
